

Panfish Fishing Lake Havasu

Panfish can be caught all over the lake in the shallows and around the docks. Try using a bobber with an 18 inch leader and a small hook with mealworm or piece of nightcrawler. Fishing crappie jigs close to boat docks is also very productive.

Hot Spots: Docks, Reeds, Rocky Areas, Cattails, Structure, Shallows.

Hot Baits: Mealworms, Nightcrawlers, Crappie Jigs, small trout spinning lures.
